DETAILED ACTION

Election/Restrictions

1. Claims 13, 15-18, and 20-21 are directed to an allowable product. Pursuant to the procedures set forth in MPEP § 821.04(B), claims 1-12, directed to the process of making or using an allowable product, previously withdrawn from consideration as a result of a restriction requirement, are hereby rejoined and fully examined for patentability under 37 CFR 1.104.

Because all claims previously withdrawn from consideration under 37 CFR 1.142 have been rejoined, the restriction requirement as set forth in the Office action mailed on 11/24/04 is hereby withdrawn. In view of the withdrawal of the restriction requirement as to the rejoined inventions, applicant(s) are advised that if any claims including all the limitations of an allowable product claim or rejoined process claim are presented in a continuation or divisional application, such claims may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application. Once the restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

Drawings

2. The formal drawings were received on 12/27/04. These drawings are acceptable.

EXAMINER'S AMENDMENT

3. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Atty. Locher on April 12, 2006.

The application has been amended as follows:

In The Claims:

Claim 1:

Please insert -- covering a portion of the rewiring structure and a portion of the intermediate substrate with a protective sheath; and --, in claim 1, between lines 20 and 21. And also, delete the word "and", in claim 1, line 20.

Claim 13:

Please insert, -- a protective sheath covering a portion of said rewiring structure and a portion of said intermediate substrate. --, in claim 13, below the last line. And also, replace the phrase "module;" with phrase -- module; and --, in claim 13, line 24.

Please delete the word "and", in claim 13, line 22.

Allowable Subject Matter

3. Claims 1-13, 15-18, and 20-21 are allowed.

4. The following is an examiner's statement of reasons for allowance:

After carefully reviewed the Applicant's arguments and newly amended claims in paper filed 2/10/06, and updated prior art of record, the Examiner finds that the Applicant's arguments and newly added limitations are reasonable and strongly persuasive. Therefore, they place the application in condition for allowance. The primary reason for the indication of the allowability of the above claims is the inclusion therein, in combination as currently claimed as a whole, of the limitation of the electronic package including a stack chip structure with a second chip having an intermediate substrate and a rewiring substrate, and a protective sheath covering a portion of the rewiring structure and a portion of the intermediate substrate. This limitation is found in the above claims and is neither disclosed nor taught by the prior art of record, alone or in combination.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Nathan W. Ha whose telephone number is (571) 272-1707. The examiner can normally be reached on M-TH 8:00-7:00(EST).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Wael Fahmy can be reached on (571) 272-1705. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
